Major Group 0100**AGRICULTURAL PRODUCTION—CROPS****The Major Group as a Whole**

This major group includes establishments (e.g., farms, orchards, greenhouses, nurseries) primarily engaged in the production of crops, plants, vines, and trees (excluding forestry operations). This major group also includes establishments primarily engaged in the operation of sod farms, and cranberry bogs; in the production of mushrooms, bulbs, flower seeds, and 3vegetable seeds; and in the growing of hydroponic crops. Seeds of field crops are classified in the same industry as crops grown for other purposes.

An establishment primarily engaged in crop production (Major Group 0100) is classified in the industry (four-digit) and the industry group (three-digit) which accounts for 50 percent or more of the total value of sales for its agricultural production. If the total value of sales for agricultural products of an establishment is less than 50 percent from a single industry group, but 50 percent or more of the value of sales for its agricultural products derives from the products of two or more industry groups within the same industry, the establishment is classified in the miscellaneous industry of that industry group; otherwise, it is classified as a general crop farm in Industry 0191. Establishments that derive 50 percent or more of their value of sales from horticultural specialties of Industry Group 0180 are classified in Industry 0181 or 0182 according to their primary activity.

Major Group 0200 AGRICULTURAL PRODUCTION - LIVESTOCK AND ANIMAL SPECIALTIES

The Major Group as a Whole

This major group includes establishments (e.g., farms, ranches, dairies, feedlots, egg production facilities, broiler facilities, poultry hatcheries, apiaries) primarily engaged in the keeping, grazing, or feeding of livestock for the sale of livestock or livestock products (including serums), for livestock increase, or for value increase. Livestock, as used here, includes cattle, hogs, sheep, goats, and poultry of all kinds; also included in this major group are animal specialties, such as horses, rabbits, bees, pets, fish in captivity, and fur-bearing animals in captivity.

An establishment primarily engaged in the production of livestock or livestock products (Major Group 0200) is classified in the industry (four-digit) or industry group (three-digit) which accounts for 50 percent or more of the total value of sales for its agricultural production. If the total value of sales for agricultural products of an establishment is less than 50 percent from a single four-digit industry, but 50 percent or more of the value of sales for its agricultural products derives from the products of two or more four-digit industries within the same three-digit industry group, the establishment is classified in the miscellaneous industry of that industry group; otherwise, it is classified as a general livestock farm in Industry 0291.
